Pyrax Emberspanner

Gnome Mage · MAIN · Future Divorced Committee

SPECS: FIRE / ARCANE

Fire (Damage). Hot Streak makes Pyroblast a regular part of the rotation, with Incineration and Wake of Fire behind it. Guides rate Fire the strongest sustained single-target spec.

Arcane (Damage). Arcane Blast is both filler and damage steroid, with Missile Barrage and Arcane Geometry behind it. High reward, high mana risk.

SUGGESTION INFERENCE

Gnome is the stronger Mage race: +5% maximum mana and Eureka! for burst. Lead with Fire and keep Arcane as your raid alternative. Guides rate Frost best for leveling and dungeon AoE, so expect slower pulls while Fire levels. Tailoring plus Enchanting is the recommended caster pairing.

RACIALS: GNOME

- **Escape Artist.** Removes movement-impairing effects and grants immunity for 3 sec. 2 min cooldown.
- **Eureka.** For 8 sec, certain abilities cost 10% less and deal 10% more damage or healing.
- **Expansive Mind.** +5% maximum Mana, Rage or Energy.
- **Engineering Specialization.** Engineering devices are more reliable.

Strong for Mages and Warlocks. Gnome Priest is a new combination in Forever.

PROFESSIONS: TAILORING + ENCHANTING

- **Primary: Tailoring.** Cloth gear, back embroidery buffs and cloth scavenging.
- **Secondary: Enchanting.** Ring enchanting and class relics that change gameplay. S-tier.

Maviand Swiftclaw

Night Elf Druid · MAIN · Future Divorced Committee

SPECS: FERAL / RESTORATION

Feral (Tank). Feral Swiftness gives +30% movement and dodge in every form, backed by Predatory Strikes, Savage Fury and Leader of the Pack. Strongest leveling spec, and it flexes between damage and tanking.

Restoration (Healer). Adds group-healing options while keeping hybrid flexibility. Your dungeon and raid healing swap, but weak for solo questing.

SUGGESTION INFERENCE

Level Feral. Continuous mana and energy regeneration, weapon damage scaling in animal forms, and baseline Faerie Fire and Nature's Grasp all landed in 2026 updates. Skinning plus Leatherworking makes him self-sufficient in leather armor, kits and bags. Skinning is the lowest-rated profession, so Herbalism plus Alchemy is the alternative.

RACIALS: NIGHT ELF

- **Elune's Light.** +10% crit with all spells and attacks for 15 sec. 3 min cooldown.
- **Shadowmeld.** Enter stealth until you move. Works in combat. 2 min cooldown.
- **Quickness.** +1% Dodge and +2% run speed.
- **Wisp Spirit.** +75% speed while dead.

Shadowmeld suits Rogues and Hunters. Maviand (Druid) is a Night Elf.

PROFESSIONS: SKINNING + LEATHERWORKING

- **Primary: Skinning.** Beast and dragonkin damage bonuses. Weakest rated, but it feeds Leatherworking.

Cassian Ironvow

Human Warrior · ALT · Future Divorced Committee

SPECS: FURY / PROTECTION

Fury (Damage). Gains off-hand weapon support. Flurry and Bloodthirst scaling was nerfed. Victory Rush, new in Forever, gives an extra attack after a kill and smooths leveling.

Protection (Tank). Charge and Thunder Clap now work in Defensive Stance, deep Protection has more offensive options, and Shield Wall drops from 30 to 15 minutes.

SUGGESTION INFERENCE

Level Fury with Victory Rush, then respec Protection for dungeons. Mining plus Blacksmithing is the plate pairing, and Blacksmithing adds Repair All.

RACIALS: HUMAN

- **Will to Survive.** Removes all stun effects. 3 min cooldown.
- **Perception.** Greatly increases Stealth detection for 20 sec. 3 min cooldown.

Wildheart Stonestride

Dwarf Hunter · ALT · Future Divorced Committee

SPECS: BEAST MASTERY / SURVIVAL

Beast Mastery (Damage). The pet-focused tree, with new tools like Summon Hawk. Aimed Shot is baseline and Traps work in combat.

Survival (Damage). Now supports a real melee build with Lacerating Strikes and better traps. Lone Wolf lets any hunter play petless.

SUGGESTION INFERENCE

Dwarf Hunter gets Big Game Hunter (+5% damage to Beasts) and Stoneform. Beast Mastery keeps leveling simple; Survival is the melee variant. Skinning plus Leatherworking is fully self-sufficient. Skinning is the lowest-rated profession, so Engineering plus Mining is the alternative.

RACIALS: DWARF

- **Stoneform.** Removes and grants immunity to Bleed, Poison and Disease, and cuts Physical damage taken by 10% for 8 sec. 3 min cooldown.
- **Find Treasure.** Detects nearby treasure on the minimap.
- **Artisan's Precision.** +1% hit with spells and attacks.
- **Big Game Hunter.** +5% damage to Beasts.

Stoneform helps tanks most. Wildheart (Hunter) gets Big Game Hunter; Thorgrim (Shaman) gets Artisan's Precision.

Elemental (Damage). Gains Lava Burst and part of the class-wide buff pass. Reliable caster damage with strong totem support.

SUGGESTION INFERENCE

Dwarf shaman is new in Forever. Stoneform helps survivability and Artisan's Precision gives +1% hit, which now applies to every class since hit is unified. Engineering is S-tier and Mining feeds it.

RACIALS: DWARF

- **Stoneform.** Removes and grants immunity to Bleed, Poison and Disease, and cuts Physical damage taken by 10% for 8 sec. 3 min cooldown.

Jeraziah Dawnhammer

Human Paladin · ALT · Future Divorced Committee

SPECS: PROTECTION / RETRIBUTION

Protection (Tank). Better threat and a seal that taunts when judged. Blessings last 1 hour.

Retribution (Damage). Seal twisting is an intended playstyle, with Vindication, Sacred Arbiter, Champion of the Light and Instrument of the Law. Holy Strike is a new instant attack.

SUGGESTION INFERENCE

Judgement no longer consumes Seals. Paladins still lack a normal interrupt. Human is the top Paladin race per the sources: Ruthless (+1% crit), Will to Survive against stuns and The Human Spirit (+10% Spirit). Jewelcrafting is not in Forever, so this is Mining plus Blacksmithing.

RACIALS: HUMAN

- **Will to Survive.** Removes all stun effects. 3 min cooldown.
- **Perception.** Greatly increases Stealth detection for 20 sec. 3 min cooldown.
- **Ruthless.** +1% crit with spells and attacks.

Holy (Healer). Prayer of Mending bounces heals, with more multi-target healing focus. Binding Heal and Divine Aegis are new talents in the class.

Fear Ward is now baseline, no longer Dwarf-only. Gnome Priest is a new combination in Forever. Herbalism plus Alchemy makes her the flask and elixir supplier for all nine, and Mixology doubles their duration. Enchanting now lives on Pyrax only.

Vex Galewhisper

Skyborne Rogue · ALT · Future Divorced Committee

SPECS: COMBAT / ASSASSINATION

Combat (Damage). Restless Blades lets finishing moves shave cooldowns. Weapon specializations merge into Hack and Slash. Rogues can now use one-handed axes.

Assassination (Damage). Mutilate is a dual-weapon builder, and Venom supports poison builds. Sap no longer breaks Stealth.

SUGGESTION INFERENCE

Skyborne (High Order) is new in Forever: Walk on Air glide, Read Leyline regen and Wind Blessed +2% haste. Night Elf is the stronger raw Rogue race (Elune's Light, Shadowmeld) if you ever swap. Combat is the easier leveling path; Assassination rewards poison play. Engineering is S-tier for utility and Mining feeds it.

RACIALS: SKYBORNE

- **Walk on Air.** Glide through the air for 10 sec.
- **Read Leyline.** +50% health and mana regeneration for 15 sec.
- **Wind Blessed.** +2% haste.
- **Elemental Insight.** +5% damage to Elementals.

Demonology (Damage). Stronger emphasis on fighting beside demons. Demonic Sacrifice can be used while keeping a pet.

Destruction (Damage). Adds Incinerate and Bane of Havoc, linking Fire and Shadow damage. Bane of Agony replaces Curse of Agony.

SUGGESTION INFERENCE

DoTs can now crit for every warlock spec. Demonology suits pet-led solo leveling; Destruction is the burst spec. Tailoring plus Engineering suits a Gnome: Engineering Specialization makes devices more reliable. Tailoring shares cloth with your Mage and Priest. Engineering needs bars, so ask Thorgrim or Vex for Mining supply.
